# EXPLORE SCIENCE

**GLOBE Student Investigations with NASA**

**Theresa Schwerin, NASA Earth Science Education Collaborative (NESEC)/IGES**

**Kevin Czajkowski, GLOBE Mission Earth/University of Toledo**

**Elena Sparrow, Arctic and Earth SIGNS/University of Alaska Fairbanks**

**Julie Malmberg, GLOBE Implementation Office**

**September 23, 2020**

# GLOBE Student Investigations with NASA

This collaborative webinar was planned and presented by three NASA Science Activation Earth science awards and the GLOBE Implementation Office. Each group shared a broad range of NASA-sponsored opportunities and resources to connect students to investigating our Earth system using NASA and GLOBE data. There were **138 attendees from 28 GLOBE countries, including 26 U.S. states and Puerto Rico**. The recording and resources are available on demand at: <https://bit.ly/SeptGLOBEWebinar>

**Goal:** Support teachers and students to develop and enter their research in the GLOBE International Virtual Science Symposium (IVSS). Presented by:

- **NASA Earth Science Education Collaborative**
  - GLOBE Mission Mosquito
  - Trees Around the GLOBE
  - NASA GLOBE Clouds
  - GLOBE U.S. Aerosols Campaign
  - GLOBE Observer Land Cover and Eclipse
- **GLOBE Mission Earth** (Urban Heat Island Campaign and My NASA Data)
- **Arctic and Earth SIGNS** (Frost Tube Campaign)
- **GLOBE Implementation Office** (IVSS 2021)

Above: Participants from 26 U.S. states and Puerto Rico, with 28 GLOBE countries participating in the live event on Sept. 17, 2020.

*"You have provided us with a banquet of resources!"*  
GLOBE Teacher
